OBJECTIVE

Experienced preceptor with nearly three years at Jordan University of Science and Technology, passionate about delivering quality education and creating engaging learning environments. Skilled in communication, mentoring, and curriculum development, committed to student success and continuous professional growth.

EXPERIENCE

Jordan University of Science and Technology

Mar 2025 - Jun 2025

Clinical lecturer - MSN

Fundamentals of nursing (lab) course :

This course teaches essential nursing skills, including psychomotor ability, critical thinking, and nursing processes in simulations, covering patient assessment, vital signs, hygiene, infection control, and emphasizing holistic care and professionalism.

Jordan University of Science and Technology

2022 - 2024

Clinical lecturer - BSN

Fundamentals of nursing (lab) course :

This course teaches essential nursing skills, including psychomotor ability, critical thinking, and nursing processes in simulations, covering patient assessment, vital signs, hygiene, infection control, and emphasizing holistic care and professionalism.

Health assessment (lab) course :

This course develops skills for comprehensive health assessments using interviewing and physical exam techniques, focusing on identifying findings, accurate documentation, critical thinking, and integrating theory with hands-on practice for holistic patient evaluation.

Irbid Islamic Hospital

2021 - 2022

Register nurse - BSN

Medical-Surgical Department :

In the Medical-Surgical Department, care involves monitoring and managing patients' needs, administering treatments, providing support and education, and collaborating with teams for safe, effective outcomes.
