

Dr. Fahad Eid Albalawi,

Telephone and Whats App: +966551197075

Email: fealbalawi@fbsu.edu.sa

PERSONAL INFORMATION

Nationality: Saudi

Gender: Male

EDUCATION

University of Sheffield, UK

-PhD in Molecular medicine and medical immunology, 2022.

University of Hull, UK

-Master's degree in molecular medicine, 2016.

University of Cardiff Metropolitan, UK

-Bachelor's degree in biomedical science, 2015.

RESEARCH, DIAGNOSTIC AND MANAGEMENT SKILLS IN LABORATORY

- Good English level in speaking, writing, and reading.
- Some computer skills such as Microsoft office (Excel, word, and PowerPoint), GraphPad prism (statistics), BLAST (bioinformatics) and Endnote (referencing tool).
- Ability to give presentations, lectures and train students or junior employees.
- Ability and large experience of using a large variety of different molecular techniques and interpreting the results whether in research or diagnostic field.
- Infection control.
- Quality control.

PROFESSIONAL EXPERIENCE

- Lecturer at University of Tabuk from Oct 2016 to Jun 2018.
- Senior Molecular diagnostic specialist at Aljouf regional laboratory from Aug 2023 to Aug 2024.
- Assistant Professor at medical college in Fahad bin Sultan university from Aug 2024 to present.

Accomplishments and experiences:

- Experience in teaching university students as well as assisting with any lab work.
- Experience in conducting research and publishing scientific papers.
- Contributed with colleagues to establish Aljouf regional lab (One of five regional labs in Saudi).

RESEARCHES AND PUBLICATIONS

- Role of autoimmune regulator (AIRE) in the pathogenesis of neurological disorders associated with autoimmune polyglandular syndrome type 1.

- Immunomodulatory effects of Kaempferol on microglial and Macrophage cells during the progression of diabetic retinopathy.
- Investigation of Some Histological, Physiological and Microbiological Properties of Honey Types and Vaseline as Medications of Second-Degree Burns in rats.
