OBJECTIVE

a Computer Engineer with 10+ years' Experience of Teaching information technology, computer security, computer network, programming language, Machine learning and Artificial intelligence courses in College of Computing

EDUCATION

MSc in Computer Engineering | Fahad Bin Sultan University, KSA JAN 2020 – JAN 2022

Thesis Title: "HONEYPOT COUPLED ADAPTIVE NEURO FUZZY INFERENCE MODEL FOR DDoS ATTACK DETECTION "

GPA: Excellent with First Honor

Module Included: Advance computer Architecture, Artificial intelligence, Computer Security, Advanced Computer Networks, Advanced Embedded Processor, Programmable on Chip, Software Engineering, Network Security, Neural Network & Machine

BSc in Computer Engineering | Fahad Bin Sultan University, KSA OCT 2007 – JUN 2012

Project Title: Firefighting Robot Using lab-based programming environment

GPA: Good

Modules Included: Engineering Economy, Logic Design, Programming Language, Electronics, Operating System, Electric Circuit, Software Design, Algorithm and Data Structure, Computer Architecture, Digital Communication and signal Processing, Database System, Embedded System, Computer Network, Cryptography and Computer Security

EXPERIENCE

Computer Engineer | Fahad Bin Sultan University, KSA 2021- PRESENT Lecturer | Fahad Bin Sultan University, KSA

2012 - PRESENT

- Courses taught
 - Neom Scholarship batch
 - Information Technology

- Introduction To computing
- Computer Programming
- Computer Security
- Neom English and Information Technology Program§
- University/college Duties
 - Member of Statistics and Information Committee
 - Member of Bridging/Foundation committee
 - Member of Exam committee
 - Member of Quality Assurance and Accreditation Committee

Computing Skills:

- Network software: Wireshark, GNS3, Oracle VirtualBox
- Mathematical Models: MATLAB
- Programming Languages: Python, C++, HTML, JAVA
- Database: Microsoft Access
- Operating System: Linux, windows, Mac, IOS

Public speaking Skills:

- Well-honed public speaking skills, developed over the course of a ten-year career as a lecturer
- Skilled in presentation composition, communications technology including PowerPoint, engaging, articulate audience presentations.

CERTIFICATE AND TRAINING

 SCADA and Embedded System using Microcontroller Jul 2011

University Technology Malaysia

Computer Network and Security

Jun 2011

University Technology Malaysia

Cyber Security Bootcamp - Level 1

Oct 2020

Learners Point Computer Training

• Cyber Python

Nov 2020
